

*Dr. Charles E. "Bert" Grayson*

1910 - 2009

Once again we say Goodbye,  
to another Superstar  
Your presence was unforgettable  
whether near or far

An Inventor and a Doctor,  
a Gentleman through & through  
One of archery's great historians  
there's so much we learned from you

What an honor to have been your friend  
we'll never forget your face  
I'm sure some day, we'll meet again  
in another time, another place

You were such an inspiration,  
So many friends you left behind  
it was a privilege to have known you,  
You were truly "One of a Kind"
